

# THE JELD-WEN STORY

**JELD-WEN**  
WINDOWS & DOORS

EVERY PRODUCT IS

**JELD-WEN IS DEDICATED** to creating reliable windows and doors, as we have been since 1960—when we began as a small millwork plant. Today, we offer you an abundance of dependable products and options to fit your specific design, performance and geographic requirements. Whatever you choose, you can count on JELD-WEN® windows and doors to be enduring, energy efficient and, of course, beautifully worry-free.

**THE PLAYERS**  
PROUD PARTNER

Official window, door and millwork provider  
of the PGA TOUR and Champions Tour

RELIABILITY *for real life*®

## A PROMISE KEPT

**RELIABILITY ON THE GREEN.** Since 2003, we've been the title sponsor of the JELD-WEN Tradition, which is one of the major championships on the PGA TOUR's Champions Tour. Through the JELD-WEN Tradition Foundation, we donate charitable funds to several educational organizations. In addition, we're the official window, door and millwork provider of the PGA TOUR and Champions Tour.

# CRAFTSMANSHIP

## Windows and patio doors

JELD-WEN creates windows and patio doors to meet nearly every performance requirement and design preference. Our wood and clad-wood products offer rich, warm visual appeal and energy efficiency, while our vinyl products are both affordable and energy efficient. What's more, our windows and patio doors can beautifully enhance either residential or light commercial projects.

## Products for coastal homes

JELD-WEN® windows and doors with ImpactGard® protection feature glass that's engineered and tested to withstand impacts from windborne debris, as well as the harsh conditions inherent to coastal areas. ImpactGard protection also significantly reduces sound transmission, blocks up to 95% of harmful UV rays and offers superior forced-entry resistance. Learn more at [www.jeld-wen.com/coastal](http://www.jeld-wen.com/coastal).

# COMES HOME

## Exterior, interior and garage doors

The range of JELD-WEN® doors is practically limitless. Choices include wood, fiberglass and steel exterior doors; wood, custom carved medium density fiberboard (MDF), molded and flush interior doors; and wood composite garage doors. We also produce an abundance of designs, including custom creations, to complement any home.

### AuraLast® wood *(patent pending)*

Many of our windows and doors are made from solid pine AuraLast wood, which helps protect against wood decay, water saturation and termite infestation. This reliable wood will remain beautiful, structurally sound and easy to operate for many years to come. We're so confident of the durability of AuraLast wood, we support it with an unmatched 20-year warranty.\*

AuraLast wood products include all U.S. produced JELD-WEN pine wood and clad-wood windows and patio doors, Premium Wood solid pine entrance doors, and select exterior door sidelights, transoms, frames and mouldings.

### JELD-WEN has earned the Good Housekeeping seal on the following:

- IWP® Aurora® Custom Fiberglass exterior doors
- JELD-WEN Custom Carved interior doors
- JELD-WEN Premium Wood interior doors
- JELD-WEN Molded interior doors (with ProCore The Quiet Door®)
- JELD-WEN flush interior doors (with ProCore The Quiet Door)
- JELD-WEN Molded Impression™ mirror interior doors
- Custom Wood windows and patio doors (with AuraLast wood)
- Premium Wood windows and patio doors (with AuraLast wood)
- Builders Clad-Wood windows and patio doors (with AuraLast wood)

# RESPONSIBLE

## Certifications

The American Architectural Manufacturers Association (AAMA) and the Window and Door Manufacturers Association (WDMA) have certified many of our windows and patio doors. In addition, our exterior doors are certified through the National Accreditation and Management Institute (NAMI). These certifications are proof that our products meet the highest standards for performance and energy efficiency. Our Molded interior doors have earned Green Cross certification, because they feature 51 percent recovered fiber (on a dry fiber basis), and many of them contain materials originating from FSC certified forests that are managed for sustainability.

## Green Building Initiative

JELD-WEN is proud to be a member of the Green Building Initiative (GBI). GBI is a nonprofit organization that accelerates green building practices by promoting environmentally progressive approaches that are practical, affordable and accessible to mainstream builders, architects and developers. As a member, we help state and local homebuilder associations develop local green building programs that are appropriate for their regions. These programs then help builders develop homes that are energy efficient, healthier to live in, and better for the environment.

## AS SEEN IN...

# RELIABILITY

## ENERGY STAR®

Many JELD-WEN® windows and doors are ENERGY STAR qualified, which means they exceed the minimum energy efficiency criteria for the climate region you live in (sometimes by as much as 40 percent). JELD-WEN has been an ENERGY STAR partner since 1998, and is a proud former recipient of the Department of Energy's Partner of the Year.

## Best practices

Our manufacturing plants are vertically integrated to fully utilize all natural resources. That means they share materials, so the by-products generated at one millwork plant are used to create finished products at another.

## The AuraLast® wood process *(patent pending)*

AuraLast wood is created with an environmentally friendly vacuum/pressure process. Since it's water based, JELD-WEN has been able to reduce hazardous air pollutant emissions by more than 96 percent (compared to traditional dip or envelope treatments).
