“OUR DOOR”
[STEP-BY-STEP]

“When it comes to home décor decisions, we both tend towards the non-traditional arena. So for our door, without getting too ‘out there’, we wanted something a little different. And Simpson certainly gave us options to accomplish just that.”

— The Velásquez Family, Santa Fe, NM

Do you want to create this door? Here’s how they did it:

STEP 1 “We were leaning towards simplicity, and the 465 Exterior Door with the arched panel caught our eye.”

STEP 2 “Then we narrowed down our species selections, and ended up picking the charm of the red oak.”

STEP 3

“We still wanted that unique aspect that you don’t often come across, so we decided to go with an arch top. We had other unique ideas, and Simpson was ready to execute any one of them, but this look, to us, made the door.”

YOUR LIFE. YOUR DOOR.

opening up

“Over the past few years we’ve traveled a lot because of our jobs. But now we’re ready to put down roots, and we finally found the right home. And since we were so picky about getting the perfect house, you better believe we took choosing a door very seriously. And that’s why we ended up with a Simpson door. They had all the options, so we tailored the elements to match our unique personalities.”
